4. PUBLIC HEARING

4A. ANNUAL WEED ABATEMENT PROTEST HEARING (PUBLIC HEARING)

The County of Los Angeles Department of Agriculture Commissioner and Weights and Measures submitted to the City the annual Weed Abatement Declaration List and resolution declaring that weeds, brush, rubbish, refuse, and dirt maintained on certain private properties in the City, are a public nuisance. At the regular City Council meeting on February 16, 2022, the Council adopted Resolution No. 2022-R11 approving the 2022 Weed Abatement Declaration List as posted by the County. By adopting the Resolution, the Council declared its intention to provide for the abatement of said public nuisances. To complete the process, the Council must hold a protest hearing to allow parcel owners identified on the Declaration List an opportunity to object to their inclusion thereon.

CEQA DISCUSSION:
Adoption of the Resolution is exempt for the California Environmental Quality Act (“CEQA”) under CEQA Guidelines § 15061(b) (3), because it can be seen with certainty that there is no possibility that the Resolution may have a significant effect on the environment.

Action Taken: The City Council opened the public hearing at 7:04, received no public testimony; closed the public hearing at 7:05; and adopted Resolution No. 2022-R16.

Motion: Moved by Council Member Chan and seconded by Council Member Liang, motion carried by the following vote:

A RESOLUTION ADOPTED PURSUANT TO GOVERNMENT CODE § 39561 DECLARING THAT WEEDS, BRUSH, RUBBISH AND REFUSE UPON OR IN FRONT OF SPECIFIED PROPERTY IN THE CITY ARE A SEASONAL AND RECURRENT PUBLIC NUISANCE, AND DECLARING ITS INTENTION TO PROVIDE FOR ABATEMENT

4B. ORDINANCE ESTABLISHING THE LAND USE RELATED TIME SUSPENSION PERIOD RELATED TO THE COVID-19 EMERGENCY

On May 7, 2020, the City Manager issued an Administrative Order that suspended all time periods for land use related appeals, reviews, or automatic approvals starting March 11, 2020 (collectively, the “Land Use Times” or “LATs”). That Administrative Order was subsequently ratified by the City Council via Resolution No. 12164, adopted June 3, 2020. Suspending the LAT was part of the City Council’s overall
strategy that was encapsulated within the 2020 Monterey Park Business Recovery Program and implemented to assist businesses during the COVID-19 Emergency.

It is apparent that the COVID-19 Emergency is now ending. As the City emerges from emergency operations, it is in the public interest to bring some of the City Council’s emergency actions to an end and restore the “normal” operations for processing land use applications.

CEQA (California Environmental Quality Act):
The Ordinance itself and the actions anticipated by the Ordinance were reviewed pursuant to the California Environmental Quality Act (Public Resources Code §§ 21000, et seq., “CEQA”) and the regulations promulgated thereunder (14 Cal. Code of Regulations §§15000, et seq., the “CEQA Guidelines”).

Based upon that review, this action is exempt from further review pursuant to CEQA Guidelines § 15269(a) because the protection of public and private property is necessary to maintain services essential to public, health and welfare. Moreover, the Ordinance simply ratifies previously adopted emergency regulations and establishes a deadline for terminating such regulations. Such action does not constitute a “project” as defined by CEQA.

Action Taken: The City Council (1) opened the public hearing at 7:10 (2) did not receive any documentary and testimonial evidence; (3) closed the public hearing at 7:10; and (4) introduced and waived first reading of an uncodified ordinance that ends the suspension of time deadlines for various land use related applications and approvals.

Motion: Moved by Council Member Chan and seconded by Council Member Liang, motion carried by the following vote:

Ayes: Council Members: Yiu, Chan, Liang, Lo
Noes: Council Members: None
Absent: Council Members: Sornoso
Abstain: Council Members: None

5. NEW BUSINESS

5A. AMENDMENT TO VARIOUS SECTIONS OF MONTEREY PARK MUNICIPAL CODE CHAPTER 6.15 REGULATING MANDATORY ORGANIC WASTE DISPOSAL REDUCTION

Senate Bill 1383 (SB 1383) requires local jurisdictions to implement Short-lived Climate Pollutants: Organic Waste Reduction regulations as set forth by the California Department of Resources and Recovery (CalRecycle). On December 1, 2021 the City adopted Ordinance No. 2216 adding Chapter 6.15 to the Monterey Park Municipal Code (MPMC) that provides the requirements for collection and recycling of organic waste to comply with the law.
Staff requests to amend Chapter 6.15 to add definitions and provide clarification to the City’s types of collection systems.

**Action Taken:** The City Council introduced and waived first reading of an ordinance amending various sections of Monterey Park Municipal Code (“MPMC”) Chapter 6.15 regulating mandatory organic waste disposal reduction.

**Motion:** Moved by Council Member Liang and seconded by Council Member Chan, motion carried by the following vote:

Ayes: Council Members:   Yiu, Chan, Liang, Lo  
Noes: Council Members:   None  
Absent: Council Members:   Sornoso  
Abstain: Council Members:  None  

5B. DISCUSSION OF PENDING MONTEREY PARK MUNICIPAL CODE UPDATES

With changes in California law, City legislative responses in response to the Pandemic, and approval of the Land Use and Housing Elements of the General Plan, the City needs to update the MPMC. Staff prepared a Draft Program (defined below) to identify and process the necessary updates. The intent is that the City Council review, discuss, and make a final determination on the Draft Program.

**Public Speakers:**

- Linda Tang communicated her excitement for an Inclusionary Housing Ordinance. She also suggested City staff implement an Ad Hoc committee to increase public participation in the drafting of the Inclusionary Housing Ordinance.

**Recommendation:** It is recommended that the City Council (1) receiving and filing a report regarding pending updates to the Monterey Park Municipal Code (“MPMC”) including, without limitation, an Inclusionary Housing Ordinance; (2) providing direction and making a final determination regarding the process for pending updates to the MPMC as contained in the draft Zoning Amendment program (“Draft Program”); and (3) taking such additional, related, action that may be desirable.

TO: The Honorable Mayor and City Council
FROM: Vincent D. Chang, City Clerk
SUBJECT: District No. 3 City Council Seat Vacancy

RECOMMENDATION:
It is recommended that the City Council consider:
1. Receive and file this report;
2. Continue this matter until May 4, 2022; or
3. Taking such additional, related, action that may be desirable.

EXECUTIVE SUMMARY:
On March 29, 2022, the City Clerk’s office received a letter of resignation from Mayor Pro Tem Fred Somoso, effective April 14, 2022. Pursuant to Government Code §§ 1750(f) and 1770(c), the resignation letter created a vacancy on the City Council on April 14th. The term of office for the vacant position ends November 5, 2024.

BACKGROUND:
Government Code § 36512 provides that the City Council may (1) appoint an eligible elector to fill the vacancy; or (2) call for an election to fill the vacancy. That election would be combined with the regular municipal election on November 8, 2022. The City Council must make a decision not later than June 13, 2022.

If the City Council chooses to appoint a person to the vacated office, it may adopt an application process to select an appointee or simply appoint someone nominated by one or more Councilmember. Any person appointed by the City Council must be an eligible elector residing in District No. 3, i.e., a person must be a City resident and be eligible to vote in City Council District No. 3. Persons appointed to office would serve until November 8, 2022. At that time, they could seek election for the District No. 3 seat. If elected, they would serve until November 2024 at which point they could seek re-election for a four-year term.

Note that the Monterey Park Municipal Code (“MPMC”) provides that
“[a]ny person, who, whether by appointment or election, serves a partial term in public office for more than two years is deemed, for the purpose of this section, to have served a full four-year term.” (Emphasis added) MPMC § 2.04.040(d).

Consequently, a person who is appointed by the City Council now and is elected at the November 8, 2022 election will have served one term (out of two) for purposes of calculating the term limits in MPMC Chapter 2.04 (it would be more than two years). Accordingly, if that person was reelected in 2024 for a full four-year period, that would count as a second term.

If, however, the City Council did not appoint now and instead called an election on November 8, 2022 to fill the vacant seat, the person elected to office could serve up to 10 years as a Councilmember. That is because the time between November 2022 and November 2024 would be two years (not more than two years); the individual could therefore seek office for two additional four-year terms.

Please note that a vote to appoint an individual to the City Council is a majority of the quorum. Accordingly, if only three councilmembers are present to vote, two affirmative votes will appoint. Also note that the City Council’s Rules of Procedure provide than an abstention is counted with the majority vote. Thus, for example, if there were two affirmative votes for an appointment, one abstention, and one negative vote, the vote in favor of appointment would be 3-1.

FISCAL IMPACT:

The estimated costs for the November 8, 2022, regular election including the election to fill the vacancy in District No.3 is approximately $196,300.

RE: Resignation from District No. 3 City Council Seat

Dear friends:

After much consideration and mixed emotion, I, Mayor Pro Tem Fred Sornoso, provide this letter of resignation to the City Council. Since April 1, 2020, when I was sworn in as a City of Monterey Park Council Member representing District #3, we were all about being "good neighbors" in our community.

My decision has nothing to do with the City or the City Council. I am very proud of all the accomplishments we made together. Perhaps my proudest achievement is the City Council’s implementation of the 2020 Monterey Park Business Recovery Plan, which we passed in the middle of the COVID-19 Pandemic. I do not think any City Council – in the history of the City – achieved as much as we did while facing such global challenges.

The resignation will take effect April 14, 2022, a day that reflects a true-blue fan for my Los Angeles Dodgers, our home game "Opening Day" at Chavez Ravine.

I had hoped to continue serving the residents in my District and the entire City. Unfortunately, however, I face a serious health issue that prevents me from continuing my service.

The City Council may appoint someone to the District No. 3 seat. If the City Council chooses to make an appointment, please consider Abner Ramos. He is an outstanding candidate and would serve the District and the City well.

Thank you so much for all of your support. I will pray for all of your continued health and wisdom.

Your friend,

Fred Sornoso

TO: The Honorable Mayor and City Council
FROM: Martha Garcia, Director of Management Services
SUBJECT: Professional Services Amendment with Fairbank, Maslin, Maullin, Metz and Associates to Conduct Public Opinion Research

RECOMMENDATION:
It is recommended that the City Council consider:

1. Authorizing the City Manager to execute an amendment with Fairbank, Maslin, Maullin, Metz and Associates (FM3) in a form approved by the City Attorney; to conduct public opinion research for an amount not to exceed $113,000 and extend the term of the amendment through June 30, 2023; and

2. Taking such additional, related, action that may be desirable.

EXECUTIVE SUMMARY:
On September 1, 2021, the City entered into an agreement with FM3 to provide public opinion research. FM3’s relevant experience conducting public opinion research has been instrumental in identifying the priorities of the residents of Monterey Park. The City is requesting to amend the agreement to allow for additional public opinion research including residential satisfaction and needs assessment, and revenue measure research.

The City is requesting an amendment for an additional amount of $74,500 for a total not to exceed amount of $113,000 and an extended term through June 30, 2023.

BACKGROUND:
On September 1, 2021, the City entered into an agreement with FM3 to provide public opinion research in the amount of $38,500. The City is requesting to amendment the agreement with FM3 to conduct community opinion surveys. Among other things, a community opinion survey helps identify key issues of importance for residents as well as measures residents’ overall satisfaction with the City’s efforts to provide municipal services.

FM3 will conduct two surveys: one survey will include a satisfaction and needs assessment regarding City services, infrastructure and other community needs; and a second survey related to the City’s financial forecast and proposed revenue measure.

The City is requesting an amendment for an additional amount of $74,500 for a total not to exceed amount of $113,000 and an extended term through June 30, 2023.
FISCAL IMPACT:
Funds for this item have been budgeted.

SUBJECT: Renewal of the Assessment District for Fiscal Year 2022-23 and schedule a public hearing pursuant to Streets and Highways Code §§ 22500, et seq.

RECOMMENDATION:
It is recommended that the City Council consider:

1. Adopting a resolution declaring the City Council’s intent to levy and collect assessments for Fiscal Year 2022-23 in Citywide Maintenance District No. 93-1 pursuant to Streets and Highways Code §§ 22500, et seq. and setting a time and place for a public hearing; and
2. Taking such additional, related, action that may be desirable.

CEQA (California Environmental Quality Act):
The proposed action is exempt from review under the California Environmental Quality Act (Cal. Pub. Res. Code §§ 21000, et seq.; “CEQA”) and CEQA Guidelines (Cal. Code Regs. tit. 14, §§ 15000, et seq.) because it establishes, modifies, structures, restructures, and approves rates and charges for meeting operating expenses; purchasing supplies, equipment, and materials; meeting financial requirements; and obtaining funds for capital projects needed to maintain service within existing service areas. The proposed action, therefore, is categorically exempt from further CEQA review under CEQA Guidelines § 15273.

EXECUTIVE SUMMARY:
In 1993 the City formed a citywide benefit assessment district to finance the operation and maintenance of public street lighting and landscaping. The district was renewed each of the past 29 years and must be renewed for 2022-23 in order for the City to continue collecting assessments. To begin the district renewal, staff recommends a public hearing be held on June 1, 2022. Scheduling the public hearing is a required process and it does not automatically renew the district. The district renewal will follow the City Council’s action at the conclusion of the June 1st public hearing.
BACKGROUND:
In 1993, the State implemented the Education Revenue Augmentation (ERAF) transfer that shifts property tax revenues from local governments to schools. The City’s loss from ERAF was $1.2 million. In 1993, after considering various options to balance the budget, the City formed a benefit assessment district. The assessment revenues are used to pay for the costs for maintaining street lighting and public landscaping. The funds freed up by the assessment revenues are used to maintain essential City services such as police, fire, public works, recreation, and library.

The City’s assessment district was formed under the 1972 Lighting and Landscaping Act (Streets and Highways Code § 22500). The law requires the City to renew the assessment district each year to continue the collection of assessments. The City has renewed the district for the past 29 years. To start the renewal process, the attached resolution and the April 12, 2022 engineer's report were prepared for the City Council's consideration.

RESOLUTION OF INTENTION
The draft Resolution incorporates the April 12, 2022 Engineer’s Report which was prepared pursuant to Streets and Highways Code § 22566. It also describes the assessment district and its boundaries, specifies date, time, and place of the public hearing for protests. The proposed assessment per single family home for 2022-23 is $40.97. There is no increase from 2021-22. As shown in the attached resolution, staff recommends that the hearing be scheduled for June 1, 2022 at 6:30 p.m. in the City Council Chamber. As required by law, a notice for the public hearing will be published.

FISCAL IMPACT:
The proposed assessment rates for 2022-23 are the same as for 2021-22. The projected assessment revenue is approximately $1,026,920. If the City does not renew the assessment district, it must reduce expenditures by $1,026,920 to balance the budget.

SECTION 11: The City Clerk is hereby authorized and directed to publish this Resolution pursuant to Government Code § 6061 and Streets and Highways Code § 22554.

SECTION 12: A majority protest from the property owners may cause any proposed increase of assessment for the 2022-23 Fiscal Year to be abandoned. Written protest must be submitted to the City Clerk’s office at City Hall, 320 West Newmark Avenue, Monterey Park, CA 91754, before the close of the public hearing on June 1, 2022. ENGINEER'S REPORT
CITY OF MONTEREY PARK

CITYWIDE MAINTENANCE DISTRICT NO. 93-1

FOR THE 2022-2023 FISCAL YEAR
ENGINEER'S REPORT
CITY OF MONTEREY PARK
CITYWIDE MAINTENANCE DISTRICT NO. 93-1
FOR THE 2022-2023 FISCAL YEAR

PURPOSE

The purpose of this report is to establish the annual levy of assessments for the City of Monterey Park Citywide Maintenance District 93-1 (District) for the 2022-2023 Fiscal Year.

INTRODUCTION

The District was formed in 1993 under the Landscaping and Lighting Act of 1972 (the "Act"). The District provides the City with a source of funds for the operation and maintenance of street trees, median landscaping, and streetlights on arterial streets within the City. Assessments are levied upon each parcel for the necessary costs of operating, servicing, and maintenance of the respective facilities, which provides safety protection and enhances the value of each and every parcel in the City.

Street tree and median landscaping maintenance are important services in any urban environment. Trees and landscaping, when well maintained, provide beautification, shade, traffic safety, and enhancement of the desirability of the surroundings, along with a direct, positive effect on property values.

Adequate street lighting is considered imperative for their contribution to public convenience and community safety. Protection of property, increased public safety, reduction of traffic accidents, savings in accident costs and lost working hours, are specific benefits that benefit properties within the City of Monterey Park. The lighting benefit is directly related to public safety and property protection.

Property values in a community are increased when public infrastructure such as street trees, median landscaping, and street lighting are in place, improved, operable, safe, clean and maintained. Facilities that are unsafe or destroyed by the elements or vandalism decrease quality of life.

The operation, servicing, and maintenance of the facilities within the District are consistent with the Act, and will be administered pursuant to the City of Monterey Park ordinances and regulations.

The properties that benefit from operation and maintenance of the street trees, median landscaping, and lighting will fund these activities in proportion to the specific benefits that each property receives.

Payment for the assessment for each parcel will be made in the same manner and at the same time as payments are made for property taxes for each property. Revenues from these assessments must be placed in a special fund and cannot be used for any other purpose.
The City Council of the City of Monterey Park will set a date for a public hearing. The public hearing will be held on the date and at the time and place described specifically in the Resolution of Intention. Notice will be given by publishing the Resolution of Intention in accordance with requirements of the Government Code.

DESCRIPTION OF IMPROVEMENTS

The improvements are the operation, servicing, and maintenance of street trees, median landscaping, and street lighting, including but not limited to, personnel, electrical energy, utilities, materials, and contracting services for the satisfactory operation of these services described as follows:

Street Trees and Median Landscaping
Landscaping, planting shrubbery and trees, irrigation systems, hardscapes, and fixtures in public rights-of-way within the proposed boundary of the District.

Street Lighting
Poles, fixtures, bulbs, conduits, equipment including anchors, posts and pedestals, and metering devices, as required to provide safety lighting in public rights-of-way within the proposed boundaries of the District.

Maintenance means the furnishing of services and materials for the ordinary and usual operation and servicing of the landscaping and public lighting facilities including repair, removal or replacement of all or part of any of the landscaping and public lighting facilities. Maintenance also means providing for the life, growth, health and beauty of the landscaping, including cultivation, irrigation, trimming, spraying, fertilizing and treating for disease or injury; and the removal of trimmings, rubbish, debris and other solid waste.

Servicing means the furnishing of water for the irrigation of the landscaping and the maintenance of any of the public lighting facilities or improvements and the furnishing of electric current or energy, gas or other illuminating agent for the public lighting facilities, or for the lighting or operation of landscaping.

ESTIMATE OF COST

The estimated costs of the operation, servicing and maintenance of the improvements for Fiscal Year 2022-2023, as summarized below same as last year.

I. STREET LANDSCAPING AND FACILITY MAINTENANCE

   A. Street Trees and Median Landscaping
      1. O & M $897,155
      2. Reserves ---0---
II. STREET LIGHTING

A. Street Lights
   1. O & M $539,419
   2. Reserves -0-

Sub-Total $539,419

Total Cost $1,436,574

Less City General Fund Contributions <409,654>

Total Funded by Assessments $1,026,920

The Act requires that the City establish a special fund for the revenues and expenditures of the District. Funds raised by assessment shall be used only for the purposes as stated in this report. A contribution to the District by the City may be made to reduce assessments, as the City Council deems appropriate. Any balance or deficit remaining on July 1 must be carried over to the next fiscal year.

ASSESSMENT ROLL

The proposed assessment and the amount of assessment for Fiscal Year 2022-23 apportioned to each lot or parcel, as shown on the latest roll at the Assessor's Office are on file in the office of the City Clerk of the City of Monterey Park.

The description of each lot or parcel is part of the records of the Assessor of the County of Los Angeles and these records are, by reference, made part of this report.

The total proposed assessment for fiscal year 2022-2023 is approximately $1,026,920.

METHODS OF APPORTIONMENT OF ASSESSMENT

1. GENERAL

Part 2 of Division 15 of the Streets and Highways Code (the Code), also known as the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by cities for the purpose of providing certain public improvements which include construction, operation, maintenance and servicing of street trees, median landscaping and street lights.

The Act requires that maintenance assessments be levied according to benefit rather than according to assessed value.

The Act also permits the designation of zones of benefit within any individual assessment district if by reasons or variations in the nature, location, and extent of the improvements, the various areas
will receive different degrees of benefit from the improvement. Thus, the Act requires the levy of a true "assessment" rather than a "special tax."

Exempt from the assessment would be the areas of all publicly owned property in use in performance of a public function. The City has made a determination to also except public utility rights of way.

2. ASSESSMENT FORMULA

Section 22509 of the Code provides that the Act shall be liberally constructed to effectuate its purpose. Therefore, any reasonable formula, or method, when upheld by the City Council after a public hearing, is conclusive.

Section 22573 of the Code provides the net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated special benefit to be received by each such lot or parcel from the improvements.

Since the assessment will be levied against properties as shown on the Property Tax Rolls of the Los Angeles County Assessor, the final charges must be assigned by Assessor's Parcel Number.

The formula shown below takes into the consideration of land use and parcel size.

**Single Family Residential.**

The single-family residential parcel has been selected as the basic unit for calculation of the benefit assessments. This basic unit shall be called an Equivalent Dwelling Unit (EDU). Parcels developed for single family residential uses, including condominiums, are assessed one (1) EDU.

**Multi-Family Residential.**

Multi-family residential uses are given a factor of 0.85 EDU per dwelling unit. Based on data from representative cities in urban Southern California, the multiple residential factor of 85 percent is determined by the statistical proportion of relative trip generation from various types of residential uses, in combination with population density per unit.

**Mobile Home.**

Parcels designated for mobile home park uses are assigned 0.5 EDU per unit.

**Commercial/ Industrial.**

In converting improved non-residential properties to EDU’s the factor used is the typical lot size for single-family residential parcels, which is 6,000 square feet, or 7.26 dwelling units per acre.

The commercial/industrial parcels will be assessed 7.26 EDU for each acre, or any portion thereof up to five (5) acres and 0.73 for every additional acre or portion thereof above five acres. This lower EDU factor is based on the fact that many of the larger commercial/industrial developments contain internal street systems and provide their own street lighting. The minimum number of EDUs per commercial/industrial parcel will be one (1) EDU.
**Vacant Residential.**

Vacant residential property is described as parcels with no improved dwelling structures. These properties receive benefits based on their land, as this is the basis of their value. The land value portion of residential property in Monterey Park is about 50 percent. Parcels defined as single-family residential parcels which do not have structures on the parcels are therefore, assessed 50 percent of a single-family dwelling. The parcels will be assessed 0.50 EDU per parcel. Parcels defined as vacant multi-family residential will be assessed at 50 percent of the rate for vacant commercial/industrial property.

**Vacant Commercial/Industrial.**

Parcels which are not zoned for residential use and which do not have structures on the parcels are assessed based upon the acreage of the parcel. These parcels will be assessed at 50 percent of the rate of improved commercial/industrial property.

**Institutional.**

Institutional parcels are defined as those used for private schools, lodge halls, convalescent hospitals, and other similar uses. These parcels will be assessed at the same rate as improved commercial/industrial property.

**Utility.**

Parcels owned by private utility companies will be assessed at the same rate as improved commercial/industrial property based upon a comparable land use for the property. Utility rights-of-way will be exempt from assessments.

**Exempt.**

Parcels of land defined in the County Assessor's records as being exempt from property taxes will be exempt from District assessments. This includes all publicly owned property, all easements and rights-of-way, and common areas.

**BENEFIT DETERMINATION**

Special Benefits from the public improvements operated and maintained by the District are received directly by all parcels within the City. The maintenance of street lighting and landscaping is distributed throughout the district and is of direct and specific benefit to all parcels within the District. Therefore the costs associated with these benefits are spread equally, based on Equivalent Dwelling Units (EDU), to all parcels within the District.

Special benefits include maintenance of street trees and medians on the major thoroughfares, which are the main travel ways of the City. Street lighting is also considered a special benefit since all parcels within the City access public streets which have streetlights. Costs incurred by the City to administer these programs are also considered a citywide benefit. The primary benefits of streetlights are convenience, safety, security, and protection of property, property improvements, and persons. The primary benefits of street trees and median landscaping on
arterial streets are the improved safety and aesthetic appeal within the community.

Interim Director of Public Works

04/12/2022
TO: The Honorable Mayor and City Council

FROM: Ron Bow, City Manager & Director of Emergency Services

SUBJECT: Adopt a Resolution ratifying certain actions completed by the City Manager regarding COVID-19 Pandemic and terminating a local emergency

RECOMMENDATION:
It is recommended that the City Council consider:

1. Adopting a Resolution ratifying certain actions completed by the City Manager regarding COVID-19 Pandemic and terminating a local emergency; and
2. Taking such additional, related, action that may be desirable.

ENVIRONMENTAL ASSESSMENT:
The Resolution itself and the actions ratified by the Resolution were reviewed pursuant to the California Environmental Quality Act (Public Resources Code §§ 21000, et seq., “CEQA”) and the regulations promulgated thereunder (14 Cal. Code of Regulations §§ 15000, et seq., the “CEQA Guidelines”). Based upon that review, this action is exempt from further review pursuant to CEQA Guidelines § 15269(a) because the protection of public and private property is necessary to maintain service essential to the public, health and welfare.¹

EXECUTIVE SUMMARY:
On March 18, 2020, the City Council adopted Resolution No. 12142 which confirmed the existence of a local emergency related to the COVID-19 Pandemic. Between March 18, 2020 and March 31, 2022 (as noted by multiple resolutions extending the local emergency), the City undertook all actions needed to preserve public health and safety in response to the Pandemic. A review of circumstances demonstrates that the need for conditions of a local emergency no longer exist. Accordingly, the City Manager recommends that the City Council adopt a resolution to terminate the local emergency effective April 20, 2022 and ratify all actions taken by the City Manager between March 11, 2020 and April 19, 2022 while exercising his emergency powers. Such actions were generally described in various resolutions adopted by the City Council; additional actions are listed in the Exhibit to the draft Resolution.

¹ CEQA findings regarding an anticipated imminent emergency are valid (see CalBeach Advocates v. City of Solana Beach (2002) 103 Cal.App.4th 529).
BACKGROUND:

The emergency conditions resulting from the COVID-19 Pandemic are well-documented. During the period between March 2020 and April 19, 2022, the City undertook extensive emergency operations responding to the various health, economic, and labor crises resulting from that Pandemic. Although various reporting requirements were suspended by the Governor’s Executive Orders and Emergency Proclamations, the City Manager regularly sought City Council approval and ratification of his exercise of emergency powers delegated by applicable law.

It appears that the Pandemic is now at end. Near normal operations within the City resumed April 4, 2022. Accordingly, it is in the public interest for the City Council to terminate the local emergency and restore the City’s normal procedures as governed by applicable law including, without limitation, the Monterey Park Municipal Code (“MPMC”).

The draft resolution, if adopted, would ratify certain actions taken by the City Manager utilizing his emergency powers under the MPMC and also terminate the local emergency effective April 20, 2022. A list of the City Manager’s most recent emergency actions is included as an Exhibit to the draft Resolution.

FISCAL IMPACT:
The final fiscal impacts resulting from the Pandemic are unknown at this time.

RESOLUTION NO.

A RESOLUTION RATIFYING CERTAIN ACTIONS COMPLETED BY THE CITY MANAGER AND TERMINATING A LOCAL EMERGENCY

BE IT RESOLVED by the Council of the City of Monterey Park as follows:

SECTION 1: The City Council finds as follows:

A. On March 18, 2020, the City Council adopted Resolution No. 12142 which confirmed the existence of a local emergency related to the COVID-19 Pandemic (the “COVID-19 Pandemic”). Section 4 of Resolution No. 12142 authorizes the City Manager to undertake all actions needed to preserve public health and safety in accordance with applicable law.

B. In the two years since then, the City engaged in various emergency operations to protect public health and safety. This included, without limitation, responding to the health crisis resulting from the COVID-19 Pandemic, but also the economic and labor shortage challenges caused by the Pandemic. While the Governor’s Proclamation of Emergency suspending certain reporting requirements during this time period, the City Manager nevertheless regularly sought City Council approval for multiple emergency actions undertaken during the COVID-19 Pandemic. Consequently, the City Council adopted a series of resolutions ratifying the City Manager’s actions and extending the existence of a local emergency prompted by the COVID-19 Pandemic.

C. Since the City Council’s adoption of Resolution No. 2022-R1 on January 19, 2022, the City Manager undertook a number of actions that are listed in attached Exhibit “A,” which is incorporated by reference (“Approved Actions”). The Approved Actions are in addition to all previously ratified actions undertaken by the City Manager as authorized by multiple City Council Resolutions adopted between 2020 and 2022 including, without limitation, Resolution No. 12255. For purposes of this Resolution, all such previously ratified actions are included within the Approved Actions.

D. While the effects of the COVID-19 Pandemic are still being managed, the circumstances necessitating the declaration of an emergency no longer exist.

SECTION 2: Ratification. The City Council reviewed the state of the community and the COVID-19 Pandemic emergency. The Approved Actions are ratified and approved. Based upon the verbal and written reports of the City Manager regarding the COVID-19 Pandemic, the City Council is satisfied that the local emergency is terminated.
SECTION 3: Electronic Signatures. This Resolution may be executed with electronic signatures in accordance with Government Code §16.5. Such electronic signatures will be treated in all respects as having the same effect as an original signature.

SECTION 4: Recordation. The Mayor, or presiding officer, is authorized to sign this Resolution signifying its adoption by the City Council of the City of Monterey Park and the City Clerk, or her duly appointed deputy, may attest thereto.

SECTION 5: Effective Date. This Resolution will become effective immediately upon adoption and will remain effective unless repealed or superseded.

SUBJECT: California Governor's Office of Emergency Services Grant Subaward — High Frequency Communications Equipment Program

RECOMMENDATION:
It is recommended that the City Council consider:
1. Adopting a Resolution authorizing the City Manager to apply for, receive, and execute an agreement, in a form approved by the City Attorney, with the California Governor's Office of Emergency Services (Cal OES) in the amount of $60,000; and
2. Taking such additional, related, action that may be desirable.

EXECUTIVE SUMMARY:
The City of Monterey Park Fire Department (Fire Department) received Notice of Funding Opportunity from Cal OES; regarding a formal invitation to submit a full application for the consideration of Cal OES subaward funds. The funding opportunity is for the purchase of high frequency communications equipment. If the City is offered a grant award, the total proposed budget request is $60,000.

The Fire Department has identified Collins Aerospace as the vendor of choice. The product UrgentLink operates on a nationwide high frequency spectrum specifically authorized by the Federal Communications Commission (FCC). Moreover, Verdugo Fire Communications (Verdugo), a partnered agency of the Fire Department, currently utilizes this system. Acquiring this equipment will allow the Fire Chief and Battalion Chiefs a mechanism to communicate with Verdugo and other local, state, and federal entities in the event of a natural or manmade disaster.

Staff seeks City Council consideration and approval of the City of Monterey Park's Cal OES application. The application date was extended to April 21, 2022, for the City of Monterey Park. When the grant award decision is made and if the grant award is received, staff will inform the City Council.

BACKGROUND:
The purpose of the Cal OES subaward opportunity is to provide funding to Alerting Authorities, Emergency Operation Centers or County Sheriff's Offices, for equipment
that will allow local governments to be included in an integrated high frequency radio network service that utilizes frequencies authorized by the FCC and intended to be capable of communications with state, local and federal agencies.

The Fire Department must keep pace with public safety needs in the city and region. Subrecipient funds from Cal OES will allow local agencies, such as the City of Monterey Park to close gaps in emergency services; better preparing and equipping the Fire Department to respond to natural or manmade disasters.

**FISCAL IMPACT:**
The City of Monterey Park, Fire Department will receive a total of $60,000 from the California Governor’s Office of Emergency Services.

AGREEMENT

THIS AGREEMENT ("Agreement"), dated upon execution by both parties, is made by and between the County of Los Angeles, hereinafter referred to as the "County", and the City of Monterey Park, hereinafter referred to as the "City".

RECITALS:

(a) The City is desirous of contracting with the County for the performance of weed abatement functions within its boundaries on unimproved and designated improved properties by the County, acting through its Department of Agricultural Commissioner/Weights and Measures.

(b) The County is agreeable to rendering such weed abatement services on the terms and conditions hereinafter set forth.

(c) Such contracts are authorized and provided for by the provisions of Section 56 ½ of the Charter of the County of Los Angeles and California Government Code (Government Code) section 51301.

THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1. The County agrees to provide weed abatement services within the corporate limits of the City in accordance with the provisions of Government Code sections 39560 through 39588.

   Such services shall encompass the weed abatement duties and functions of the type coming within the jurisdiction of, and customarily rendered by, the County and the statutes of the State of California.

   The level of service shall be the same basic level of weed abatement service that is currently, and shall be hereinafter during the term of this Agreement, provided by the County in the unincorporated areas of the County of Los Angeles.

   The rendition of such services, the standard of performance, control of personnel so employed, and other matters incidental to the performance of such services, shall remain at the
discretion of the County. The County shall have the discretion to terminate services on parcels in tax
default.

The standard for hazardous vegetation clearance shall be equivalent to that detailed within
the Los Angeles County Fire Code, sections 325.2.1 and 325.2.2, and this standard being the same
which currently applies in the unincorporated areas of the County of Los Angeles unless some other
standard is requested by the City in writing.

2. To facilitate the performance of said functions, it is hereby agreed that the County shall
have full cooperation and assistance from the City Council and other City officers, agents, and
employees.

To the best of its abilities, and using information provided by the City, the County will
attempt to provide weed abatement services on improved parcels known or suspected to contain
hazardous weeds and brush. The inherent difficulty in gaining access for inspection of improved
parcels will mean that hazards could go undetected. In any case, all parcels upon which services are
attempted will be assessed the current County inspection fee.

The City will, upon the County’s request, acquire administrative warrants in accordance
with applicable law allowing the County to perform Services as required. Abatement proceedings may
be postponed by the County until the City acquires an administrative warrant.

3. For the purpose of performing said functions, the County shall furnish and supply all
necessary labor, supervision, equipment, and supplies necessary to maintain the level of service to be
rendered hereunder.

4. No City Employee as such shall be made into, or considered to be, an employee of the
County, and no person employed by the County hereunder shall be granted any City pension, civil
service, or any status or right.

For the purpose of performing such services and functions, and for the purpose of giving
official status to the performance thereof where necessary, every County officer and employee engaged
in the performance of any service hereunder shall be deemed to be an officer or employee of said City
while performing services for said City, which services are within the scope of this Agreement and are
purely municipal functions.
5. The City shall not be called upon to assume any liability for the direct payment of any salaries, wages, or other compensation to any County personnel performing services hereunder for the County, or any liability other than that provided for in this Agreement.

   Except as herein otherwise specified, the City shall not be liable for compensation and/or indemnification to any County employee for any injury or sickness arising out of that person’s employment.

6. The parties hereto have executed an Assumption of Liability Agreement approved by the Board of Supervisors on December 27, 1977, and/or a Joint Indemnity Agreement approved by the Board of Supervisors on October 8, 1991. Whichever of these documents the City has signed later in time is currently in effect and is hereby made a part of and incorporated into this Agreement as if set out in full herein. In the event that the Board of Supervisors later approves a revised Joint Indemnity Agreement and the City executes the revised Agreement, the subsequent Agreement as of its effective date shall supersede the Agreement previously in effect between the parties hereto.

   The City understands and agrees that the fire protection indemnity provided in Government Code sections 850 and 850.2 applies to the County for work pursuant to this agreement.

7. Unless sooner terminated as provided for herein, this Agreement shall be effective commencing July 1, 2022, through June 30, 2027.

   Notwithstanding the provisions of this paragraph hereinbefore set forth, the City may terminate this agreement as of the thirty-first day of December of any year upon notice in writing to the County on or before September 30 of the same year. The County may terminate this Agreement at any time and for any reason upon thirty (30) days prior written notice to the City.

8. The City, acting through its City Council, will perform the necessary functions required of the legislative body to which is referred in Government Code sections 39560 through 39588, as they relate to the execution of this Agreement.

9. If the City fails to adopt a resolution declaring that weeds upon parcels of property located within the City to be a public nuisance pursuant to Government Code section 39561, then the County shall have no obligation to carry out its duties under this Agreement until such year that the
City does adopt such resolution, unless the City’s failure occurs in the final year of this Agreement, which shall mean the Agreement terminates.

10. It is the intent of this Agreement that the Agricultural Commissioner/Director of Weights and Measures of the County shall constitute the public officer designated by the City Council to perform the duties imposed by Government Code section 39560(a), and that the City Council of said City shall perform the duties of the legislative body as set forth in said section.

11. For and in consideration of the rendition of the foregoing services by the County, the City agrees that the costs of abating such weeds shall be assessed in the manner set forth in Government Code sections 39573 to 39585, and that upon collection of such assessments, they will be paid over to the County.

12. Each parcel, except tax-exempt parcels, upon which weeds, brush or rubbish are declared to be a public nuisance pursuant to paragraph 9 of this Agreement shall be assessed the current County Board of Supervisors approved inspection fee whether or not the County determines it is necessary to perform abatement work upon the parcel.

13. The parties hereto contemplate that the services of the County are limited to abatement of weeds, brush and rubbish, and agree that the County will not perform any other type of service or additional work of any kind.

14. This Agreement contains the entire Agreement between the County and the City for weed abatement services. This Agreement may not be modified except by formal amendment executed by the duly authorized representatives of the parties hereto.

SUBJECT: “Denim” Day Resolution

RECOMMENDATION:
It is recommended that the City Council consider:

1. Adopting a resolution declaring Wednesday, April 27, 2022 as “Denim Day Monterey Park”; and
2. Taking such additional, related, action that may be desirable.

EXECUTIVE SUMMARY:
“Denim Day” was established in 1999 after the California Legislature’s Women’s Caucus learned of a protest of a court decision that occurred in Italy. Enraged by the verdict and the judge’s statement, within a matter of hours the women of the Italian Parliament launched into immediate action and protested by wearing jeans to work. This call to action motivated the California legislators to do the same. Peace Over Violence, a Los Angeles County based Sexual Assault and Domestic Violence victims’ advocacy organization promoted the idea and the first “Denim Day-L.A.” was created. “Denim Day” is now recognized throughout the United States.

BACKGROUND:
The United States Government has declared April as “Sexual Assault Awareness Month.” As part of “Sexual Assault Awareness Month,” Peace Over Violence, a Los Angeles County based Sexual Assault and Domestic Violence Victim Advocacy Organization, has declared April 27, 2022 as “Denim Day” in Los Angeles County and the USA.

“Denim Day” was established in 1999 after the California Legislature’s Women’s Caucus learned of a protest of a court decision that occurred in Italy. The Italian Supreme Court overturned a rape conviction. In overturning the conviction, the Chief Judge stated that because the victim wore tight jeans she had to have helped the perpetrator remove them no longer making it rape but consensual sex. Enraged by the verdict and the judge’s statement, within a matter of hours the women of the Italian Parliament launched into immediate action and protested by wearing jeans to work. This call to action motivated the California legislators to do the same. Peace
Over Violence, a Los Angeles County based Sexual Assault and Domestic Violence victims’ advocacy organization promoted the idea and the first “Denim Day-L.A.” was created. “Denim Day” is now recognized throughout the United States.

The Monterey Park City Council first recognized “Denim Day” in 2011. On “Denim Day”, City Employees are encouraged to wear jeans to work as a show of support for Sexual Assault victims and as a sign that Sexual Assault will not be tolerated in our society. Businesses throughout the city are encouraged to participate as well.

BE IT RESOLVED by the Council of the City of Monterey Park as follows:

SECTION 1: The City Council finds as follows:

A. The United States Government has declared April as “Sexual Assault Awareness Month” and Peace Over Violence, a Los Angeles County based Sexual Assault and Domestic Violence Victim Advocacy Organization, has declared April 27, 2022 as “Denim Day” in Los Angeles County and the USA.

E. With proper education on the matter, there is compelling evidence that we can be successful in reducing incidents of this physically and psychologically damaging crime.

F. The members of the Monterey Park City Council strongly support the efforts of Peace Over Violence to educate people in our community about the true impact of rape and sexual assault in Southern California.

G. In future years, members of the Monterey Park City Council and City Staff will be encouraged to wear jeans the day of the City Council meeting when “Denim Day” resolutions are on the agenda for the City Council approval to bring about awareness of the upcoming “Denim Day” observance.

SUBJECT: First Amendment to Agreement No. 2249-AB with Operational Technical Services LLC for Staff Augmentation Services for the Water Division

RECOMMENDATION:
It is recommended that the City Council consider:

1. Authorizing the City Manager to execute the First Amendment, in a form approved by the City Attorney, to Agreement No. 2249-AB with Operational Technical Services LLC. This Amendment is for staff augmentation services for the Water Division in an amount not to exceed $300,000;

2. Taking such additional, related, action that may be desirable.

EXECUTIVE SUMMARY:
In August 2021, the Water Division executed a contract with Operational Technical Services LLC to provide technical services that were the responsibility of the Water Production Supervisor who had retired a month earlier. The Professional Services Agreement is for an amount not to exceed $60,000. Because the recruitment of the supervisor position is still pending and additional Water Division staff have since retired or resigned, staff is requesting the approval of the First Amendment to the Agreement for additional staffing support and to increase the budget from $60,000 to $300,000.

BACKGROUND:
When the Water Division’s Production Supervisor retired in June 2021, the City Manager approved an Agreement with Operational Technical Services LLC (OTS) to provide professional/technical services that were previously performed by that position during the interim period while the supervisor position is being filled. The Agreement with OTS is a Professional Services Agreement for an amount not to exceed $60,000.

Due to the requirement of highly specialized expertise and skills of the Water Production Supervisor who would oversee the Delta Plant’s new advanced/oxidation treatment system, the recruitment is taking longer than expected. The $60,000 budget for the existing Agreement with OTS will be exhausted by the end of April 2022. In addition, since the retirement of the Water Production Supervisor, the Senior Water Production Operator has retired; and one Cross Connection Control Inspector and two Water Utility Maintenance Workers have resigned from the city to pursue opportunities at other agencies.
The Human Resources Department is working with staff to fill the vacant positions and expect the Water Production Supervisor and Senior Water Production Operator to be filled in the next three months. The remaining positions are estimated to be filled within the next six months.

Staff is requesting the approval of the First Amendment to OTS’s Agreement, for staff augmentation services, to increase the budget from $60,000 to an amount not to exceed $300,000. The increased budget is based on OTS’s fee schedule (Attachment 2).

**FISCAL IMPACT:**
The cost for the First Amendment with OTS will be funded by salary savings from the vacant positions. A budget adjustment from permanent salary accounts to professional services account will pay for OTS’s consultant services.

SUBJECT: Award of Contract to Eurofins, Weck and Clinical Lab for Lab Testing

RECOMMENDATION:
It is recommended that the City Council consider:

1. Authorizing the City Manager to execute three-year Agreements, in a form approved by the City Attorney, with Eurofins Eaton Analytica, LLC, Weck Analytical Environmental Services, Inc., and Clinical Lab of San Bernardino, Inc. to provide laboratory analysis services for the Water Division for a combined total not to exceed $400,000 annually; and

2. Taking such additional, related, action that may be desirable.

EXECUTIVE SUMMARY:
The Water Division is requesting approval of Professional Services Agreements with three laboratory analyses firms – Eurofins, Weck, and Clinical Lab – for laboratory analyses services. The term for the contracts is three years for a combined total not to exceed $400,000 annually.

BACKGROUND:
The Water Division is currently using three laboratory analyses firms for sample testing as required by the State Water Resources Control Board Division of Drinking Water (DDW) for the City’s water operations. The three companies are Eurofins Eaton Analytica, LLC, Weck Analytical Environmental Services, Inc. and Clinical Lab of San Bernardino, Inc. Annual costs for lab testing is estimated to be $400,000.

The number of firms that provide lab analyses for potable water in the Southern California region is currently less than ten. This highly specialized service requires certification from DDW as well as the ability to accommodate the specific testing requirements of the water purveyor’s operations. The State Water Resources Board testing standards are rigorous and constantly changing with new contaminants being required for testing before potable water can be distributed to customers. The most recent added constituent is per- and polyfluoroalkyl substances (PFAS). Not all labs can provide analyses for all the regulated constituents. Turn-around time is varied based on the size of their operations and their case loads.
In addition, the Water Division is in the process of obtaining operating permits for the new treatment facility that uses ultraviolet/advanced-oxidation technology: DDW is requesting additional testing and sampling to confirm that the new system will meet the drinking water standards. For these reasons, staff is requesting contracts with all three firms that have confirmed their capability to provide specific lab analyses for the city to meet the State’s requirements.

The Water Division has established good working relationships with all three labs: Eurofins has provided services to the city since 2018, and Weck and Clinical since 1996.

**FISCAL IMPACT:**
The Water Division’s annual budget includes funds for laboratory analysis services. The funding source is water treatment (402) that is reimbursable by the Water Quality Authority.
