Monterey Park Police Department Bike and Pedestrian Safety Enforcement Operation

Monterey Park, Calif. – February 14, 2017 - On February 16, 2017, the [Monterey Park Police Department](#) will step up Bike and Pedestrian Safety Enforcement Operations with focused enforcement on collision causing factors involving motorists, pedestrians and bicyclists.

The department has mapped out locations over the past two years where pedestrian and bike collisions have occurred along with the violations that led to those crashes. Extra officers will be on duty patrolling areas where bike and pedestrian traffic and crashes occur in an effort to lower deaths and injuries.

Officers will be looking for violations made by drivers, bike riders and pedestrians alike that can lead to life changing injuries. Special attention will be directed toward drivers speeding, making illegal turns, failing to stop for signs and signals, failing to yield to pedestrians in cross walks or any other dangerous violation.

Additionally, enforcement will be taken for observed violations when pedestrians cross the street illegally or fail to yield to drivers who have the right of way. Pedestrians should cross the street only in marked crosswalks or at corners. Bike riders will be stopped and citations issued when they fail to follow the same traffic laws that apply to motorists. All riders are reminded to always wear a helmet – those under 18 years of age must wear helmets by law.

Bicycle and pedestrian fatalities are rising in California as more people use these non-motorized means of transportation. Locally, the Monterey Park Police Department has investigated 174 fatal and injury collisions involving pedestrians and bicyclists during the past three years. In 2013, California witnessed 701 pedestrians and 141 bicyclists killed, accounting for more than 28 percent of all traffic fatalities.

Funding for this program is provided by a grant from the [California Office of Traffic Safety](#) through the [National Highway Traffic Safety Administration](#).
