Early Literacy Tip:

Give your child many opportunities to draw and write. Keep paper and crayons or markers handy so that children can practice scribbling, drawing and eventually writing.
Use magnetic letters on the refrigerator to spell words and messages.

Early Literacy Tip:
 Pretend to read a book.
 Have your child tell you a story based on the pictures in a book.
 Or ask your child to “read” a book you’ve read together many times and have them tell you the story.
 This develops vocabulary and other language skills.
