3. **PUBLIC HEARING**
   None.

4. **OLD BUSINESS**
   None.

5. **NEW BUSINESS**

5A. **EXTENSION OF THE FIRE CAPTAIN ELIGIBILITY LIST**

**Discussion:** The Fire Captain Eligibility List was certified on October 23, 2017. This list was recertified on October 22, 2018 and is set to expire April 22, 2019. In anticipation of upcoming vacancies, Chief Haberle is requesting an extension of the current Eligibility List for six months. There are a number of qualified candidates on the current Eligibility List who have all gone through an intensive two-day Assessment Center and only one candidate has been selected to fill a vacancy since last year. It is recommended that the Personnel Board approve the extension of the Fire Captain Eligibility List.

**Action Taken:** The Personnel Board approved the recommended extension of the Fire Captain Eligibility List.

**Motion:** Board Member Harvey Chin moved to approve the extension of the Fire Captain Eligibility List till October 22, 2019 and Board Member Liane Kwan seconded, motion carried by the following vote:

Ayes: Board Members: Chin, Kwan, Reynoso, Verbeck
Noes: Board Members: None
Absent: Board Members: None
Abstain: Board Members: None

5B. **UPDATE AND RECLASSIFY THE DEPUTY FIRE MARSHAL CLASS SPECIFICATION**

**Discussion:** The Deputy Fire Marshal position at the Fire Prevention Division of the Monterey Park Fire Department has evolved over the years to the point where it no longer is accurately portrayed by its class specification. The duties of the Deputy Fire Marshal in the Fire Department are not similar to those of a traditional Deputy Fire Marshal. A new classification, Fire Marshal, is needed to accurately describe the scope of duties of the position. It is recommended that the Deputy Fire Marshal class specification in the Fire Department be updated and reclassified to a civilian class specification of Fire Marshal.

**Action Taken:** This item was tabled to the next regular Personnel Board meeting on May 8, 2019.
5C. UPDATE AND RECLASSIFY THE RECREATION SUPERINTENDENT CLASS SPECIFICATION

Discussion: The Recreation Superintendent position in the Recreation and Community Services Department has evolved over the years. The current class specification, last modified 19 years ago, does not accurately represent the position. The duties of the Recreation Superintendent has absorbed additional duties from positions that were eliminated during the recession and has taken on new responsibilities as the field continues to evolve and change. It is recommended that the Recreation Superintendent class specification in the Recreation and Community Services Department be updated and reclassified to Recreation Manager.

Action Taken: The Personnel Board approved the recommended request to update and reclassify the Recreation Superintendent class specification.

Motion: Board Member Liane Kwan moved to approve the request to update and reclassify the Recreation Superintendent class specification and Board Member Harvey Chin seconded, motion carried by the following vote:

Ayes: Board Members: Chin, Kwan, Reynoso, Verbeck
Noes: Board Members: None
Absent: Board Members: None
Abstain: Board Members: None

6. PERSONNEL BOARD COMMUNICATIONS AND MATTERS

Director of HR & Risk Management Tom Cody hands out the conclusion and write up of the Grievance Hearing from the last meeting on April 10, 2019 written by Assistant City Attorney Karl Berger. No action is needed. Received and file.

ADJOURNMENT

There being no further business for consideration, the meeting was adjourned at 8:00 p.m.

Tom Cody
Director of Human Resources & Risk Management
TO: Members of the Personnel Board  
FROM: Tom Cody, Director of Human Resources and Risk Management  
       Scott Haberle, Fire Chief  
SUBJECT: Update and Reclassify the Deputy Fire Marshal Class Specification

RECOMMENDATION:

It is recommended that the Personnel Board:

1. Approve the recommended request to update and reclassify the Deputy Fire Marshal class specification; and

2. Take such additional, related action that may be desirable.

EXECUTIVE SUMMARY:

The Deputy Fire Marshal position at the Fire Prevention Division of the Monterey Park Fire Department has evolved over the years to the point where it no longer is accurately portrayed by its class specification. The duties of the Deputy Fire Marshal in the Fire Department are not similar to those of a traditional Deputy Fire Marshal. A new classification, Fire Marshal, is needed to accurately describe the scope of duties of the position.

It is recommended that the Deputy Fire Marshal class specification in the Fire Department be updated and reclassified to a civilian class specification of Fire Marshal.

BACKGROUND:

The Deputy Fire Marshal position reports to the Fire Chief, or designated Division Chief, in the Fire Department. The classification is represented by the Monterey Park Mid-Management Association. The primary duties of a Deputy Fire Marshal position, according to its class specifications, include but are not limited to:

- Supervises Fire Prevention Inspectors and staff assigned to the division
- Inspects commercial and industrial buildings, schools, and other related structures and facilities
- Reviews building plans for conformance with fire protection laws and regulations and for possible fire hazards
- Investigates complaints from private citizens and other city departments relating to fire and safety hazards
- Provides technical advice regarding the installation and maintenance of fire prevention equipment
Instructs fire department personnel on inspection procedures and problems
Speaks before school groups and other organizations on fire prevention matters
Confers with the Division Chief supervising the division regarding overall departmental fire prevention and inspection programs
Administers restaurant interceptor program
Maintains required records and prepares reports; issues correction notices and citations
Prepares public education programs on safety

The Deputy Fire Marshal position currently performs at a level that is consistent with that of a Fire Marshal and has done so for the past two years. Moving forward, the position will supervise the Code Enforcement Division staff in addition to Fire Marshal duties. The following duties listed for the proposed Fire Marshal reclassification include but are not limited to:

- Performs responsible management, technical, and administrative work in Fire Prevention and Code Enforcement operations;
- Supervise, direct, plan, and review the work of the Fire Prevention Inspectors, Code Enforcement Officers, and staff assigned to the division
- Verify the investigative and inspection work of employees for accuracy, proper work methods, techniques and compliance with applicable standards and specifications.
- Develop, supervise, and coordinate the department's fire prevention and code enforcement program promoting community risk reduction programs by identifying existing and potential fire hazards and neighborhood degradation in the community and effectively implement prevention, mitigation, and enforcement to mitigate hazards
- Plans, organizes, and directs the work of fire prevention and code enforcement personnel in the inspection of industrial, commercial, residential, and public buildings to ascertain evidence of fire hazards, neighborhood degradation, and community risk reduction
- Participate in the development and implementation of a comprehensive code enforcement program
- Enforce fire laws, codes, and regulations, initiate notices, citations, and criminal complaint procedure, and serve as an expert witness testifying in court cases involving fire and code violations
- Stays current on the legal and technical developments in the fire protection field
- Provides input at meetings with local, regional, and state officials regarding the City's positions on items of interest to the City
- Promotes public relations through community risk reduction programs, speaks at various civic and professional organizations to promote the goals of the City, meets with industrial and business representatives to promote cooperation and provide information regarding codes and standards, makes presentations and participates in promotional events, demonstrations, and fire and life safety programs
- Participate in the development and implementation of program goals, objectives, policies, and priorities for assigned area; identify needs; recommend and implement policies and procedures
- Participate in the development, preparation, and monitoring of the budget for assigned area of responsibility, forecast funds needed for staffing, equipment, materials, and supplies, direct the monitoring and approval of expenditures, recommend adjustments as necessary
- Develop, coordinate, and establish community risk reduction plans for fire prevention and code enforcement services, programs, and activities
- Responsible for recovering costs for inspection services, plan reviews, and fire permits required by the California Fire Code or other regulations and investigations
- Respond to and resolve difficult and sensitive customer requests, complaints, and inquiries
- Ensure compliance with appropriate laws, codes, and regulations

The Fire Marshal position would work independent of the Fire Division Chief and work directly for the Fire Chief. Therefore, the Fire Marshal must have the knowledge and ability to carry out the duties normally overseen by the Division Chief. A Safety grade Division Chief Position was eliminated in 2008. This position would assume the duties associated with the previous position minus the safety designation and associated duties. In addition, this position would assume the leadership and supervision of the Code Enforcement Division for the City as well as the Fire Prevention duties. The proposed position will be represented by the Monterey Park Mid-Management Association

**FISCAL IMPACT:**

A survey was conducted of nearby cities. Six of the cities surveyed use the classification of Fire Marshal which performs duties similar to those described above and at a comparable level of responsibility of the proposed Fire Marshal. The job descriptions of these cities were reviewed to ensure that they were compatible with duties and level of responsibility with the proposed City’s classification. The average salary range of the Fire Marshal positions of two cities surveyed most like Monterey Park is $8,564 to $10,573 and it should be noted that neither of these cities include oversight of their City Code Enforcement Division.

The monthly salary range of the current Deputy Fire Marshal classification is $6,147 to $7,863. It is recommended that the monthly salary range of the Fire Marshal be set at $8,564 to $10,573. The proposed salary is commensurate with the duties and the level of responsibility of the position.

Therefore, it is recommended that the Fire Marshal class specification be approved and the Deputy Fire Marshal position in the Fire Department be reclassified.

TO: Members of the Personnel Board  
FROM: Tom Cody, Director of Human Resources & Risk Management  
Mark McAvoy, Director of Public Works  
SUBJECT: Update the Water Utility Maintenance Worker Class Specification  

RECOMMENDATION:

It is recommended that the Personnel Board:

1. Approve the recommended changes to the Water Utility Maintenance Worker class specifications; and
2. Take such additional, related, action that may be desirable.

EXECUTIVE SUMMARY:

Staff reviewed the existing class specifications for the Water Utility Maintenance Worker position and noticed it was outdated. It is recommended that the proposed changes to the Water Utility Maintenance Worker class specification be approved.

BACKGROUND:

The Water Utility Maintenance Worker Class Specification was last approved by the Personnel Board on August 9, 2006. There are four (4) minor recommended changes to update the class specification.

1. Under Representative Duties: Remove “and a graveyard shift is required 1 month out of the year during the annual flushing program....” This duty is no longer part of water related programs due to water conservation.
2. Under License: Add “Class B License is highly desirable.”
FISCAL IMPACT:

There is no fiscal impact for the changes to the Water Utility Maintenance Worker class specification. The salary range remains the same.
