Card Skimming Devices

Dates: August 2020 – January 2021

Location: Financial Institutions

In recent months, Financial Institutions in the City of Monterey Park have been targeted with the placement of card skimming/ shimming devices placed inside the ATM machines. We are asking the public to be extra vigilant when using any ATM machine. Pictured are a few examples of the skimmers and shimmers that have been recovered. When using any ATM machine, please check the card panel for any signs of tampering. Inspect the card slot and pin pad prior to using it. Be on the lookout for any hidden cameras and cover the pin pad while putting in your personal pin code. Please report any suspicious activity to the police department as soon as possible.
