

# Locker Room Protocols

## Face Masks Required Indoors

Face masks must be properly worn at all times while indoors (inside the locker room/restroom areas). Staff will periodically check each locker room to enforce.

## Locker Room Limits/Capacity

At any given time, a maximum of capacity of ten (10) users will be allowed in the changing areas. Users are to maintain social distance. Users will only use designated changing areas marked for social distancing.

## Restrooms, Changing, and Showers

Restrooms will continue to remain available for all pool users. At this time, changing areas of the locker rooms will reopen and be available. However, showers will remain unavailable until masking is no longer required indoors. Sinks in the restroom are to be used only for rinsing/washing hands.

## Personal Belongings

All personal belongings must be taken to the pool deck with pool users. Personal belongings may not be stored in the locker room area while swimmers are in the water.
