I would like to submit public comments for Agenda Item 3G, Consideration of Award of Contract to AKM Consulting Engineers for the Water Master Plan Update.

Please submit the following comment and questions in my behalf:

The Water Master Plan is a planning guide for maintaining the City's water system and provides comprehensive recommendations for improvements that are necessary to meet the demand of the community.

Question 1 - Can staff please inform us of the top 10 Capital Improvement Projects that were recommended in the current 2012 Water Master Plan?

Question 2 - Which of the top 10 Capital Improvement Project recommendations have already been completed, if not yet completed, why not and how soon do you expect to get started on them?

Thank you,

Mr. Chu
