

RESIDENTIAL FOOD SCRAP COLLECTION

Athens Services is partnering with your city to implement food scrap collection for single-family home residents and multifamily complexes. Per Senate Bill 1383, single-family home residents and multifamily complexes across California will be required to place into their green waste container ALL of their landscaping waste, food scraps, and food-soiled paper (100% fiber-based).

WHAT'S CHANGING?

You will be able to use your green organics container for the collection of landscaping waste, **food scraps, and 100% fiber-based, food-soiled paper.**

DID YOU SAY FOOD SCRAPS?

Yes, Athens will accept all types of food scraps. Our American Organics compost facility converts organics waste into nutrient-rich soil amendment. The resulting compost is used by commercial farmers, city projects, garden shops, landscapers, and residents.

HOW DO I PARTICIPATE?

To collect your kitchen food scraps, you can choose to use a portable, reusable pail-like container with a tight fitting lid. It could be plastic, metal, or ceramic. Pail options can be purchased or consider reusing a coffee canister, large yogurt or margarine tub, or juice pitcher. Container liners are optional and can be a simple newspaper or a paper bag. Storage ideas can include the kitchen counter, under the sink, in the freezer, or wherever you feel is best.

WHY ORGANICS RECYCLING?

Landfills are the third largest source of methane in California. Organics waste emits 20% of the state's methane; a climate super pollutant up to 84 times more potent than carbon dioxide. By diverting organics from the landfill, you are part of the solution in helping to protect the environment and future generations.

WHERE CAN I GET MORE INFORMATION?

Athens is here to support the community with this new program and will provide resources and training to help you get started.

If you have any questions about the new organics collection program, please contact the Athens Customer Care Center at (888) 336-6100 or visit AthensServices.com/Food.

PARTICIPATING IS EASY

1. COLLECT

Collect food scraps and acceptable organics waste. Consider using a reusable container with a lid.

2. EMPTY

Empty organics waste into your green waste container.

Athens Tip: Store meat and dairy scraps in a container in your freezer and place in the green organics container on collection day.

ACCEPTABLE ORGANICS WASTE

GREEN WASTE

- Flower & hedge trimmings
- Grass clippings
- Leaves & branches
- Lumber, scrap wood, & plywood (not painted or treated)
- Weeds

FOOD-SOILED PAPER*

- Food-stained paper
- Paper egg cartons
- Paper napkins & kitchen towels
- Pizza boxes
- Plates
- To-go boxes (no coating)
- Wooden & fiber-based utensils

FOOD SCRAPS

- Bread, rice, & pasta
- Cheese & dairy
- Coffee grounds & filters
- Fruits & vegetables
- Flowers & herbs
- Meat, bones, & poultry
- Seafood & soft shells
- Pet food (non-medicated)

DO NOT INCLUDE

- All plastics
- Cacti, succulents, & yucca
