

## **VOTE YES ON MEASURE \_\_**

### **Your City Council Asks You to Vote YES**

The Monterey Park City Council strongly supports a **YES** vote to **PROHIBIT DATA CENTERS** in our city to protect our environment, homes, children, and future.

### **Why You Should Vote YES**

#### **Protect Our Water**

Data centers can use millions of gallons of water to keep their computers cool. This water should be used for homes, schools, and parks instead.

#### **Keep Our Air Clean and Healthy**

Data centers use massive amounts of electricity, adding stress to the power grid and may increase costs for residents. They need giant backup diesel generators which can pollute our air. Clean air keeps our children, seniors and everyone healthy.

#### **Protect Our Neighborhoods**

Data centers create noise from cooling systems running day and night, and don't provide many jobs for local residents. These buildings also strain our local power grid, fire and police services.

#### **Preserve Our Quality of Life**

Data centers take up valuable land but give little back to our community. They pay some taxes but create few local jobs because the buildings sit mostly empty with no people inside.

#### **Protect Future Generations**

Once we allow data centers, it is very hard to remove them. A **YES** vote protects our city.

#### **The Choice Is Clear**

If you want to protect our water, air and neighborhoods, vote **YES**.

If you want to keep our community safe and healthy, vote **YES**.

It's simple: Vote **YES** on Measure \_\_ to stop data centers in Monterey Park.

Your **YES** vote protects our community now and for future generations.
