## Android Phone or Tablet

STEP 1: Install the app

1. Install the SmartAlec @ Your Library app from the Google Play Store.	 Download the Android App
2. Open the app and sign in with the SmartAlec account credentials you created previously (See instructions here.) You can use either your library card/account number or your email address to sign in.	
3. Exit the app. The app does not need to be open in order to print.	

STEP 2: Create a print job

|	
Different apps may have different commands to print. You may need to click on something different, depending on what app you are in. The most common ways to print from an app are using the Share icon or the More options (3 dots) icon. The steps below show a demonstration of printing a photo using SmartAlec.	

	Downloads
	Share...

| 1. Open the item you want to print. Click on the More Options (3 dots) in the top right corner.	
Click on the "Select a printer" dropdown menu. (You may need to scroll to see all options.)	Select a printer ▼ Copies: 1 Paper size: Letter ⌄
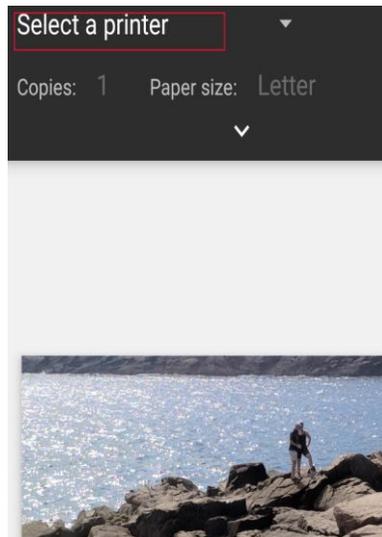

|	
Choose the SmartAlec Printer.	
You may get a popup message, asking if you want to use SmartAlec. Click on the "**OK"** button.	
Click the Printer icon to print.	
Optional: Open the SmartAlec app to view a list of your active print jobs. (You can print without	
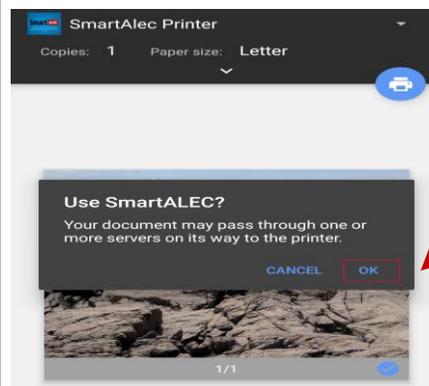

STEP 3: Print your document
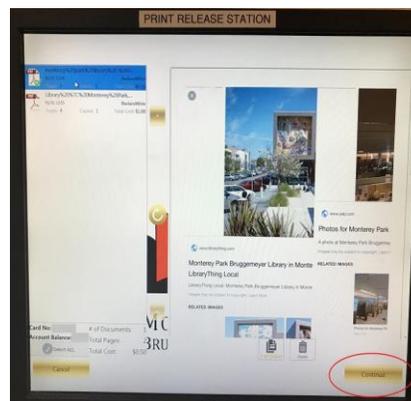

1. Go to the Print Release Station at a Camden County Library branch. Click on "Print Your Document."	
2. Log in using the SmartAlec account credentials you created in Step 1. You can use either your library card/account number or your email address to log in.	
3. Click on the item you want to print and click on the "Continue" button.	
4. Select the Black and White or Color Printer. Add money to the pay machine next to the SAM Printer and click on the "Continue" button. Your document will print. Click on the 'Finished' button when you have printed all your documents.
