

What is your favorite place in Monterey Park? What makes it special?	If you could change one thing in Monterey Park what would that be?	What does "My Monterey Park" look like in the future?
NBC because of its dim sum	It would have a dog park	It has a dog park, nice place to walk around eat/shop, and has employment opportunities
My home and my neighborhood because it's quiet and away from all the chaos, traffic and people down the hill.	More variety of businesses that aren't just Chinese. Plus, other than Chinese markets all we have are two Ralphs markets. There needs to be more diversity.	What I fear is that it is turning into a place that is overly developed, heavily populated, high traffic, and high crime. It doesn't look good if based on trends occurring here in recent years.
	Make it a more walk-able city complemented with nice parks and shops. A dog park would be great as well.	A vibrant city that offers a lot of dining and shopping choices that is very walk-able. Residences wouldn't need to drive to get to local shops and restaurants.
Library: the staff	Where's all the nightlife?	More *millennial adjacent* structures / businesses: LOOK AT HOW GREAT TOKYO FRIED CHICKEN IS!
	Redevelop/clean up Garvey and make it more welcoming and enticing to visit/walk.	
	more diversity in terms of places to eat and shop	a family oriented community with great schools, parks and multicultural activities, shops, and restaurants
Garfield/Garvey. I like the supermarkets and small businesses in that general area. I like the affordability of the nearby supermarkets and restaurants. I like that it is a hub with transit access. Same can be said for the northern end of Atlantic Blvd. It is a hub and businesses in that area are able to serve a wide range of customers, but I fear that new development may quickly cause that area to be less affordable. I notice that when Shun Fat became GW Supermarket, many of the shopkeepers that rented space inside the market are no longer there. I like that in Monterey Park, one can have low startup costs to start a business. There are very few chain businesses, and that is a good thing for the business climate. There you also see a lot of different generations of folks, and many types of transportation to get around.	Accessible supermarket in the South Garfield area. There is moderate density along the corridors. There could be higher density, however it would be important that land does not get monopolized by commercial development that has no local stake. There must be conversations around community benefits when dealing with development.	It would remain affordable and family friendly, multigenerational, multimodal and neighborhood-oriented. Economic development and tourism should be a secondary objective. I would like to see increased density so that in the South Garfield area where I live, there are more community-serving businesses (supermarkets, etc)
Mama Lu's (West)- delicious food and unique dishes. MP is most famous for our restaurants and this is one of my favorites.	Have a Sprouts or Trader Joe's here. I have to leave the city to do my weekly shopping.	More updated, diverse, liberal with more arts and better festivals without all the junk and tastier food trucks and better vendors.
Sequoia park	Alternative transportation	Inviting to the next generation to live,work, and play.
A new shopping mall	All cul-de-sac Downhill to be marked as "Red Zone". (=red paint) since so many vehicles are iturning and going down the street, it would help the residents not hearing the backing up beepings and among other distracting noises.	civil and respectful community

Barnes park - safe place to hang out without fear of getting ran over.	I would love to see MPK be more environmentally friendly. Ban use of single use plastic (already happening) and styrofoam in restaurants.	Bright and well maintained buildings
My home single family one story home, expanded to 5 bedrooms, and large family room. Located in hilly neighborhood with long large lot on hillside. lots of *, and space. Effect case of large * with up to 50 people on New Years Day.	more trees planted in all residential areas in sidewalks or front yards	lots of trees planted in sidewalks and front yards to upgrade with greenery, all residential areas of the city
MY NEIGHBORHOOD - MY NEIGHBORS	more bookstores, have bike rentals, have metro stop in the city, more outdoor restaurants	mixture of young & old peoples cultures, small one story cottages, more neighborhood centers
Garvey Ranch Park - Grew up nearby and used to play there all the time as a kid	Increase residential parking. People living in multi-family housing units often have more than the 2 cars that fit into their garages. This creates an overflow of parking along the streets and even blocks where multi-family housing is available.	More walking area and denser housing. Continued maintenance of the open spaces such as the parks we have in this city.
Freeway Accessible		I'd like the Fire Dept on Elmgate and Garfield to get their upgrade as proposed.
Close to downtown	Wider roads	
Garvey Ranch Park, green space.		
Barnes Park, multi-use space for different events; central location is easy to get to	Improve schools to be more academically advanced	Catering to influx of migrants from China
Library all the free events	Atlantic Square shopping center more occupied space with name brand stores	Hopefully nicer. Name brand stores and restaurants
	MP needs a dog park	multiple dog parks
	Diversification of eating places	Development on Garvey Ave
Marie Calendar - serves everybody	More integrated with different nationalities	Too many Asians
So many good restaurant choices and good schools	cheaper housing	cheaper housing
Commuter Convenient Own fire dept	Residential streets are damaged City construction tea not reliable Needs better workers who are serious	Well maintained Clean and Safe We oay good tax dollars and do not see any improvements
Go to the city parks. I usually go exercise everyday in the morning or afternoon	less congestion improving streets and sidewalks	more development in housing for low-income more commercial places
Barnes park, the variety of events, resources and thing to do.	A New playground for Barnes Park	Stay a great place for families; good schools, good parks, community events and family friendly restaurants and shops
Atlantic Village and Atlantic Times Square. Both have a great variety of amenities for dining, shopping and entertainment.	Public transportation and improved linkages to the regions' transjt transportation system (metro, Metrolink, bike lanes)	A city that has more mixed-used development, improved alternative transportation options, become a major jobs center, and entertainment amenities.
Atlantic Square	Improve Rotrero Grande Dr. Landscape, Lighting, pavement	Very improved public transit, new stores, parks, housing
Barnes Park	More smart modern houses.	Better and bigger playgrounds. More housing for the homeless

The fountain is unique, quiet, and beautiful	Cost of living, add a variety of supermarkets	One that is inviting, a community with a little for all cultures reflected in it
Update the fountain	Better restrooms in the parks	A community that comes together to celebrate diverse
Atlantic Time Square	Quality of life	Friendly
The Chamber of Commerce	Nice landscaping and shopping experience on Garvey Ave, Center or Plaza for events with a bike and walking trail nearby.	A city rich with cultural heritage.. Sustainable infrastructure. Parks that provide places for people to enjoy the outdoors and participate in the community like a farmers market, free concerts,, A bike/walking trail
Atlantic time square. It has a lot of restaurants and a theater!	Metro rail right in the Atlantic and Garvey area since there will be a lot of hotels around that area.	More community programs for kids, adults and senior. Better senior housing and hospital.
	nothing	fsf
	Shopping plazas need to be much more walker friendly. Every street corner should have a ramp.	More community spaces and more walking spaces.
Cultural identity breaking barrier through food	Poor unimproved and dilapidated spaces, both commercial and residential. Need renovation of dead commercial zone spaces. Controlled evolution of the city;	Not hipster like Arts District or Echo Park/Highland Park. Pass on that garbage
n/a		
Most of the parks like Garvey Ranch Park. It gives residents some open space in a compact city.	To have less restaurants but more retail shopping.	I would like to see a MP with well maintained streets, hopefully with no potholes, improved flow of traffic (with signal lights instead of STOP signs where needed) & more public transportation with additional routes to reduce the current need for driving around town to get from point A to point B.
Library! It has a great selection of books.	Fill up empty lots/ scattered strip malls/single one story buildings between more dense areas like Atlantic/Garvey, Garfield/ Garvey, and New/ Garvey, kind of like what Alhambra did with its Main Street.	Be the first city to reverse a popular joke among Chinese Americans: "In America, without a car is like having no legs."
Barnes Park: It's got the amphitheater, the Olympic swimming pool, and a big hill. Great place for working out or enjoying a concert		
George Elder Park -- a place for dogs, families, and community usage.	Please allow more rental units for low and middle income renters.	Monterey Park should retain parks, family plazas, and good schools. Too many Chinese places to eat. Need International Food Court and Local transit (within MPk city limits) to help the elderly or the impaired physically.
Garvey Park! It's my favorite place cause I get my work out there, I love to breath fresh air early morning. Sometimes I find good friend to have an interesting conversation!!		
The parks. They're a great spot to spend time with family and friends.		

Barnes Park, it's lively, variety of events take place there, it feels like the center of the city. It has a playground for the kids. A new picnic area. Centrally located. It has beautiful trees. The top of the hill above the amphitheater has an amazing view. Lots of green space to relax and have a picnic.	Better parks and playgrounds. Barnes park needs new playground equipment and more shade for the playground. Maybe more swings. I go to Granda park in Alhambra because I like that layout better.	I hope it's cleaner, friendlier and a little more modern while still keeping its history and culture. A little family friendly suburb that focuses of the kids.
Cascade park. Lovely fountain and scene	Less Chinese food and signs	I hope great, would like to see more diversity. Not just Chinese.
The parks	I would not know. I only come to school at ELAC	
The food	More affordable homes	A safe neighborhood to live in

ELAc		
The variety	Have two buses waiting in South Gate , waiting ELAC Campus	More information stands telling people of the opportunities of the college campus.
Langley Center at Emerson Ave is by far my favorite. As it has the largest table tennis and billiard room in LA. The appointment of the new superintendent Robert is great; great because the recreation director Inez Alvarez did listen and change for a better Monterey Park for seniors.	The city should use more Chinese notices since more and more Chinese choose to settle down and get around here.	Will get better and better for sure.
Atlantic square and Prado square		
Prado square and Atlantic Plaza	Public Transportation	Less gang members

i love the parks in MPK	Better public transportation to promote a more green environment.	A more green environment.
Cascades park, very calm and clean Nice view	Have a greater variety of places to eat and shop. Big brand companies and more retail stores like Target.	A diverse community with big city shops and food but small town feel.
Langley Center	More american shops More taco Shops	American town not Chinatown
Barnes Park. I like the open space of the park. The pool and softball diamond very nice	I would appreciate more restaurants that are a variety of other foods. Asian food is great but sometimes I feel that's all that is here. A few places I really liked closed down, I'm guessing because they were more western type of eateries. Oh re-tar the street in my neighborhood, they are crumpling of asphalt all over the place.	Why does it have to look different. I really like what we have here. I am not crazy about what was done to Garfield by the 60 freeway. No way to make a left turn out a business. I hate it. I have to go around the block to go home or I don't go to those businesses very often. Please don't screw up the city. Too many towns do that with the excuse of they're making things better. It won't be better. It's just the way it is.
The Parks	Improve parking downtown - Garvey & Garfield area I speak for 400 business members of BID (AC) #1 Johnny Thompson, Chair	Not highly density residential parking or population unless it provides off street parking. Large families are common in Monterey Park
Burger Meyer Library	The city is being too intrusive to homeowners. I just had my home forced to put in smoke alarms. They are ugly looking. The city is raising taxes on many of our utilities for the past 5 -10 years. This must stop	City taxes will result in Monterey Park becoming more and more unlivable. Traffic and parking violations are bot fairly being issued. The Local Law enforcement is not using "Discretionary" common sense.
Barnes Park and The Burger Meyer Library		Mixed used dwelling Section 8 affordable Transit oriented development
Garvey	Update building facades	with the times
A dog park would be nice		
My favorite place in Monterey Park is the public library because i am able to relax and enjoy myself and also have an opportunity to do my work.	I think it would be the way the transport is built maybe add some maps of bus routes and like shade for some bus stops	A safe place for families to spend time together outside in places such as parks and other safe places.
626 Night Market because it's a cool place	I am not completely sure	A place where people love to go.
Is a Latino community, yet a different race is established as well	Food places	a Latino community
I like ELAC. Besides the fact that I have memories here, I like the atmosphere	Update! Update! Update! Update everything that needs to be updated. Streets, buildings and shopping center.	If updated I think it can be some what of a city walk type of place. Maybe city-walk is too much but you get the idea.
ELAC because so many people come here from other cities.	Keep it clean and make it safe	A Place with more schools and more houses for people.
ELAC because so many people come here from other cities.	keep it clean and make it safe	A Place with more schools ans more houses for people

My favorite place in Monterey Park are the parks for my siblings to have fun.	I wouldn't change anything	Probably going to be a clean and safe city.
I don't have it	Traffic	Diverse

ELAC Schools Great	More housing for the poor	A Better environment for the future kids
Ensenada Towers	It's bumpy roads	I like it now, but I would like to see more trees and murals to make multiple ethnicity's feel more welcome.

LA Fitness	More Business	More quiet
Various Locations		
The college campus	The traffic	Like a modern City
The gym. Unique place to exercise.	Better exercise equipment. Particularly in the parks. Recreation is the central part for many to convene. A good public park with fantastic equipment would improve the health of the citizens, and also allow for folks to relax after coming home from work.	Family friendly suburb with plenty of exercise. Macy Intermediate because it is a good school and it had a park	Have mini libraries in parks for kids	A place for people to get along
I like the library and the area around it.	Racism and segregation in the area. Very hard for me as a black man, to get housing here. Also should reduce the amount at high schools (Mark Kepple). Way too big.	Inclusive and diverse.

Library. I can walk in and relax/study without the expectation of spending money. I would like it to be open more often, though.	More biking lanes. Public Transport is alright for me because I love near major streets, but a more widespread use and promotion of eco-friendly public transport would be appreciated.	An eco-friendly community with avid educational and economic opportunity for lower-class and middle-class individuals.
William Douts, I would like to see more vendors at the farmers market	Too crowded. Stop trying to build more apartments to add more to an already crowded city.	Crowded.
Food	Heathier food options	More environmentally friendly less violence

Barnes Park- green area Cascades-historical and unique	Tax dollars at work for City Services like library, public works	Family, pedestrian friendly with eating/shopping areas and green areas
Marketplace is our family's favorite place in MPK. First, it had a Costco there so we can get gas and grocery shopping done. Kids love chick-fil-A and the monthly Home Depot kids workshop. We can spend a good few hours there on a Saturday morning -is just makes life easier for both adults and children.	Eliminate blight areas and bring mainstream/chain stores/restaurants into the City.	It should be clean everywhere with color-coordinated buildings/structures along the major corridors. The streets off good sidewalks that people can walk, bike and run. I would also hope to see more trees planted on the streets and medians.
Barnes Park. It is a place to rest and relax. My kids like the activities and events that come out throughout the year.	Nothing I can think of.	More Futuristic. More Techy.
Barnes Park. I'm able to walk and make new friends along the way and feel safe while walking.	Downtown MPK. All other downtown locations for other cities are worth visiting. Ours is more of a downtown you drive by. People don't even know where downtown MPK is.	A place where people want to make their way to whether it its for food, shopping or attraction. No one ever say lets go to MPK. The only time people know where MPK was, was when the food trucks were outside of Ralphs. Now that's gone we got nothing.

The Library-great programs and wonderful staff and librarians.	No Trash or debris (like simulations).	Similar (or not that different). Perfection needs no improvement.

The library and park. But the firefighters department is very important	More clean streets for residents in Monterey Park to enjoy walking	Modern buildings structures
My favorite places in Monterey Park are all the mom-and-pop eateries. Whether it's going to my trusty usual places, or trying new restaurants that have opened up, our community of small businesses and our food scene make Monterey Park special. We stand out from other nearby cities because of this sort of small town charm.	I would develop more businesses, events, and other services to attract younger generations who will continue the economic prosperity of our community. For instance, if we could have more developments that concentrate businesses like hip restaurants, bars, yoga studio, and a coworking space, that would be very responsive to the way folks in the 25-40 age group now work and live.	My Monterey Park will continue to grow in its vibrancy and diversity. I see Monterey Park is a model for neighboring cities, and as an introduction to SGV for our LA friends to the west.
parks	I would like the city to focus on young adults, including teenager. The city already provide for seniors and young kids. They leave out teenager and young adults. All parks in Monterey Park lacks events or place for teenager and young adults.	More diversity

Monterey Park Bruggemeyer Library; it's amazing and so organized, beautiful, and peaceful!
