Children's STORYTIME

Baby & Toddler Storytime

Intended to cultivate language and baby brain development. Baby storytime consists of short stories, music, movement, nursery rhymes, and fingerplays.

Preschool Storytime

Designed for active toddlers and young children to acquire early literacy skills. Composed of stories, music, fingerplays, occasional flannel boards, and puppets.

Family Storytime

Recommended for good listeners who love books. Featured stories vary in length—some encourage active listening while others invite participation. Incorporated are some of our favorite songs or rhymes, fingerplays, and puppets.

Children must be accompanied by a caregiver.
